2026 Conference for North Carolina Nonprofits

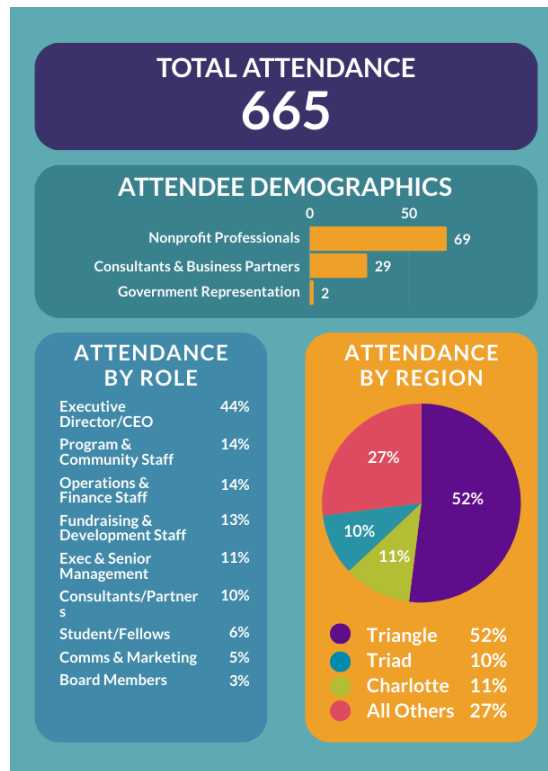

The North Carolina Center for Nonprofits annual statewide conference is our premier event bringing together professionals from the nonprofit, for-profit, philanthropic, and government sectors from across the state to learn, connect, and strengthen the work happening in communities throughout North Carolina.

Conference Focus & Purpose

Through engaging stories, practical workshops, and peer-to-peer exchange, this conference will focus on building resilient organizations, navigating a changing landscape, and working together to advance opportunity in our communities. Participants will leave with useful tools, new ideas, and stronger connections to help lead their organizations forward.

Audience

This event is tailored for nonprofit professionals, government representatives, consultants, and business partners engaged in nonprofit work. The following highlights reflect the value and impact of our 2025 Conference, and we are excited to continue building on this success in 2026.

Presentation Formats

We seek engaging and interactive sessions, including hands-on workshops, case studies, panel discussions, and guided conversations. **You may submit proposals for either a 75-minute concurrent session and/or a 25-minute lightning session (see description below).**

*A maximum of two sessions total from any one presenter or consulting group will be accepted.

Lightning Sessions are dynamic, 25-minute presentations designed to ignite ideas, spark inspiration, and equip nonprofit leaders with practical tools they can put to use right away. Modeled after the TED Talk format, these concise sessions deliver a focused and fast-paced exploration of a powerful concept, innovative strategy, or real-world solution relevant to the nonprofit sector. These talks are led by experienced practitioners, thought leaders, and changemakers who bring fresh perspectives and hard-won insights from the field. Whether it's a new approach to fundraising, a breakthrough in community engagement, or a leadership tool that builds stronger teams, Lightning Sessions are packed with value in a compact format. Examples of Lightning Sessions from last year's event:

- *Raise Money Without Asking – Here's How!*
- *You're Not Just a Leader – You're a Facilitator: Practices That Build Belonging and Weave Culture*
- *How Does My Story Serve Others? Turning Lived Experiences into Lasting Community Impact*
